Establishment of a Municipal High School at Sira

Continuation Sheet | File No / Current No | of | Page

From the Dy Commr, Tumkur Dt
Letter No HC 3067/41-42 dt 2 3 44
Submits proposals for establishment a Municipal High School at Sira

1) According to the proposals, the Municipal Council of Sira has agreed to deposit a Security deposit Rs 5000/-, Rs 2000/- towards the non recurring expenditure over & above Rs 3,000/- raised, the balance of Rs 1000 of being contributed by the Dt Bd - who it is understood have made a reference to Govt Rs 1400/- towards the recurring expenditure the Dt. Board the balance of Rs 600/- for 5 years and if after that period the Dt Bd decline to continue payment, the Municipality itself meeting it

2) A Sum of Rs 15,000/- is stated to have been collected through public donations for the construction of a building for the High School and the Sum is reported to have been deposited in Treasury

3) As the question of construction of building will take a long time, the Council has resolved to use the Travellers Bungalow at the place for the purpose, which is stated to be less frequented by the public on account of water trouble The Commr also proposes ~~after consulting the Executive Engr~~ to purchase the building for Rs 8,000/- c c help

Re Municipal High School for Sira

Sir,

I have the honor to enclose for the information of Government, a copy of this office letter of even number dated 9-2-1944 addressed to the Director of Public Instruct on ir the matter of starting of a Municipal High School at Sira and to forward a cop of the resolution of the Sira Municipal Council passed at their meeting held on 30-11-1942 agreeing to bear their share of the recurring and non-recurring expenditure in this connection

The resolution of the District Board,Tumkur, agreeing to pay a sum of Rs 1,000/- towards the non-recurring expenditure ard Ps 600/- towards the recurring expenditure for a period of 5 years has been forwarded separately for sanction

I request that very early sanction of Government may be kindly obtained to the resolution of the Municipal Council to incur the expenditure as detailed therein out of the closing balance

I have the honor to be,
sir,
Your most obedient servant,

N Meenakshi

Subject - Municipal High School, Sira

"

In continuation of my letter of even number dated 26-1-44 on the above subject, I have the honor to enclose a copy of the proceedings of a meeting of the Sira High School Committee held on 5-2-1944 and to state as follows -

There are four points which had to be settled in this connection viz (i) depositing a sum of Rs 5000/- by the Municipality (ii) meeting the initial non-recurring expenditure (iii) meeting the recurring expenditure and (iv) provision of a suitable building for the school

3 The Sira Municipality have at their meeting held on 4-3-42 agreed to pay Rs 5000/- towards the deposit out of their closing balance and have also resolved that they will not at any time in future ask the management of the High School to be taken over by Govt

4 Regarding the non-recurring expenditure the District Board, Tumkur have resolved to pay a sum of Rs 1000/- and their resolution has been sent up to Govt for sanction The Municipality have agreed to pay the balance of Rs 2000/- out of their closing balance

5 The District Board have also agreed to contribute Rs 600/- per annum for a period of 5 years in the first instance, towards the recurring expenditure of the school, on their resolution has been sent up to Govt for sanction The Municipality have resolved to meet the balance of the annual recurring expenditure and also to meet the entire amount, if after 5 years the District Board are not inclined to continue their patronage

6 The High School Committee have collected the sum of Rs,15,000/- by way of public subscriptions for the construction of a building for the High School and the amount has been deposited in the Treasury In the meanwhile it was suggested that the Travellers' Bungalow at Sira which is only very infrequently used by travellers on account of the difficulty for water may be taken over for locating the High School since it is very well situated and is also suitable for the purpose of the school It is a substantial building with four big rooms and with certain alterations the bath rooms may be converted into two additional big rooms The accommodation is quite sufficient for four classes and would serve the prupose for some years to come at least There are also out-houses which, with minor alterations will meet the other purposes like the office, cloak room, library etc An additional block for the laboratory may be put up at a cost of about Rs 2500/- or Rs 3000/- The building has also an extensive enclosure of about 4 acres and adjoins the existing school buildings in the town. The entire area could be converted into a school zone with common play grounds etc This seems to me to be the best solution of the building question since the construction of a new building would take a very long time and is likely to be very costly under present circumstances The Executive Engineer who was consulted states that there is no objection to the building in question being taken over for the High School provided another building is put up for a Travellers' Bungalow There is Govt site near 'N maz Dinne '

opposite adjoining Bangalore-Haribar road which is quite suitable for the construction of a new building for the Travellers' Bungalow as there is also a well close by The High School Committee are therefore of the opinion that in view of its suitability and of the need to start the school immediately the Travellers' Bungalow building may be given over to the Municipality for locating the High School They however pray that considering the purpose in view the building may be given free of cost I commend this xxxxxx for favourable consideration of Govt If however this is not possible, the High School Committee represent that a nominal price may be fixed for it I have discussed the question with the Executive Engineer who tells me that though the building is more than 50 years old it is yet very substantial and is good for another 30 to 40 years at least He added that the capital value of the building as booked in his registers is about Rs 16,000/- and that the construction of a new building for the Travellers' Bungalow would cost not less than Rs 20,000/- If the request of the High School Committee for the grant of the building free of cost is not possible this building which is old may be given over to the Municipality for half the booked value Viz Rs 8000/- to be paid out of the sum of Rs 15,000/- deposited by the Committee, The balance of the amount left over will be quite sufficient for effecting the necessary minor alterations and also to put up a laboratory block This seems to me to be the most equitable arrangement If this is agreed to orders of Govt may kindly be obtained to hand over the building early and the Executive Engineer asked to effect the necessary repairs and alterations so that the school may be opened by the commencement of the ensuing school year

7 The High School Committee are also taking steps to secure donations for the construction of hostels for the convenience of the students at the place

8 I have satisfied myself that the financial position of the Municipality is sound their normal income and expenditure being Rs 17,020/- and Rs 16,582/- respectively there being scope also for expanding the revenues particularly under mohatarfa and octroi

9 The opening of a High School at Sira is a long pending question and representations are being made repeatedly from time to time The question was also urged on the kind attention of the Minister for Education during his recent visit to Sira on 17-1-44 Now that the municipality have agreed to start a Municipal High School and all the conditions having been satisfied I request you to kindly obtain very early orders of Govt to start the school with effect from the next school year The school may start with 2 classes in the first instance, the necessary preliminary arrangements being completed well in time to enable it to commence working from the day of re-opening of schools after the ensuing summer vacation

The favour of a very early reply as to the action taken on the above proposals is requested

No. C 3067/41-42 Office of the Deputy Commissioner
Encs 3 Tumkur District
Dated 18th April 1944

To The Secretary to Govt of Mysore
Law Department, Bangalore

Re Municipal High School Sira

Sir

With reference to your letter No L 10362/ 1 dated 12th April 44 on the above subject, I have the honour to forward a copy of letter together with the proceedings of the District Board Tumkur received from the President agreeing to contribute a sum of Rs 1 000/- towards non-recurring charges and 600/- towards the recurring charges of the proposed High School at Sira

I have the honour to be
Sir,
Your most obedient servant

For Deputy Commissioner
Tumkur District
(Absent from station)

180

Copy of the letter No C 388/41-42 dated 25th February 1943 from the President, District Board, Tumkur to the Secretary to Government of Mysore, Law Department, Bangalore

-- ooo -

I have the honour to state that the President, Town Municipal Council, Sira, with his No 96/41-42 dated 4-4-1942, forwarded a copy of the resolution of the Council urging the Board to bear 1/2 of the cost of each initial and recurring expenditure for establishing a Municipal High School at Sira with a request to kindly intimate the views of the Board. It is seen from the copy of the resolution that it is so resolved on the move of the Director requiring as to the sources with which the expenditure are proposed to be met. It is also further stated therein that 1/2 of the initial and recurring expenditure would be Rs 1,500/- and Rs 1,000/- respectively. The Revenue Sub Division Officer, Madhugiri also separately supported the cause and stated that the financial condition of the Municipality was sound to meet the other halves of the expenditures. The subject was deeply considered by the Board at their meeting held on 21/22-6-1942 as it was deferred on 20 and 21-4-1942 for want of particulars as to the cost of expenditures of several Municipal High Schools in the State. It is also to be mentioned here that this subject was also moved by the Members representing the Taluk on the Board by their subjects. However, they resolved that recurring charges at Rs 600/- per year might be paid for 5 years only and the proposal for the grant of initial expenditure was not passed. The same was communicated to the President of the Municipal council, with a request to intimate about the further action that would be taken to equip funds to enable me to obtain sanction of Government. But the District Board Members of the Taluk moved a subject before the Board at their meeting held on 30-9-1942 that the Board might meet not less than Rs

Rs 1,500/- towards moiety of cost of initial expenditure of establishing the High School The Board have resolved after deep consideration that Rs 1,000/- might be paid out of the closing balance towards the initial expenditure for starting the high School A copy of the resolution was also sent to the President of the Municipal Council with a request to intimate the action that would be taken to equip with the recurring funds to enable this office to obtain sanction of Government to the proposals of the board as noted above

The President of the Municipal Council has with his letter No H C 60/42-43 dated 7-2-1943 forwarded the resolution of the council passed at their meeting held on 30-11-1942 agreeing to meet the remainders of the costs towards both initial and recurring charges than the amounts resolved to be paid by the Board

Copies of the resolutions of the Board proposing to meet Rs 600/- annually for 5 years towards the recurring charges and Rs 1,000/- towards initial charges for establishing the High School are herein enclosed for perusal

In this connection, I wish to state also that the Board when they presented an address to His Highness the Maharaja on the 8th July 1942, they had placed before his Highness for kind and gracious consideration the necessity of establishing a High School in Sira Town and that His Highness was graciously pleased to reply that it would be better that the subject is considered by the Municipality and that it has been the principle of Government from some years past to open such schools in places where the establishment of such is found necessary It is also to be mentioned that the Board have resolved to discontinue payment of contribution towards Empress Girls High School, Tumkur in their meeting held on 13-12-1941 and 21/22-6-1942 with a view to encourage by the same contribution

18

contribution the establishment of an High School for the year benefit of rural public It is not out of place to mention also that it is to be reported to the Deputy Commissioner as to the disposals of the requests made to His Highress during His visit on the basis of His replies and that such matters need an early disposal

I request you to be so good as to obtain sanction of Government to the resolution of the Board To meet Rs 600/- annually for 5 years towards the recurring charges and Rs 1,000/- out of the closing balance towards the initial charges for establishing a High School at Sira
